

[illegible]

Figure 1 shows various map symbols and their corresponding labels. The symbols are arranged in two columns. The left column includes: Highway (solid line), Secondary Road (dashed line), Jeep Trail/Walkway/Terray (dotted line), Railroad (line with cross-ticks), Military (blue dashed line), and Inset (gray box). The right column includes: Pipe/Power Line (line with cross-ticks), Ridge/Physical Feature (line with cross-ticks), Property/Fence Line (line with cross-ticks), Navigable Boundary (dashed line), Stream/Shoreline (blue line), Intermittent Stream (blue line with cross-ticks), River (blue line with cross-ticks), Glacier (blue line with cross-ticks), and Out Area (gray box).

Where international date, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A '*' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A '*' following a block number indicates that the block number is repeated elsewhere in the block.
